McDONNELL'S *Mid-Year Planting Guide*

This guide to late spring and summer planting may reach you earlier than some varieties are ready. To avoid disappointment because of short supply in some items, we suggest that you order early. You will be notified at the proper planting season. This publication is only one of several guides to good gardening published throughout the year. If you do not receive these publications regularly we shall gladly add your name to our mailing list.

Fuchsias

NEW 1950 INTRODUCTIONS

\$1.00 each

DON PERALTA. Large flowers vary from single to double, usually semi-double. Color is rose madder and carmine. Vigorous growing upright habit. Very good in warm climate.

DU BARRY. (Pat. applied for.) A strong upright grower with good leathery foliage. Double corolla shades from purple to fuchsia; tube and sepals soft pink.

MISS CALIFORNIA. Will be a strong contender in the pink and white field. A semi-double white with faint pink glow inside corolla. Free-branching and good in hanging baskets.

SWINGTIME. New early free blooming fuchsia with double white spreading corolla and shiny red recurved sepals. An excellent new variety for hanging baskets.

1949 INTRODUCTIONS

75c each, 3 for \$2.00
(except as noted)

BOUFFANT. An excellent new hanging basket variety of vigorous, spreading growth. Single white corolla; tube and spreading sepals pink to rose.

MOTH BLUE. Large flowers have a double lilac-blue corolla and recurved sepals of dark red. Spreading growth fine for hanging baskets.

SAN PABLO. A sport of San Mateo of more trailing habit. Rose pink sepals and large double orchid corolla.

FLYING CLOUD. (Pat. Pending.) The double flowers are large and well-formed with long recurved pagoda sepals and well-placed full white petals. The entire flower glows with the palest rose tinting which is accentuated slightly at the base of the petals, giving the flower a warmth that has been lacking in previous "all whites." \$1.00 each.
